

**Chatham County Department of Engineering**  
**To Hold**  
**A Public Information Open House**  
**For The**  
**Quacco Road Improvement Project**

On June 13, 2017 at the Andrews Visitor Center located at the Coastal Georgia Botanical Garden (2 Canebrake Road, Savannah, Georgia 31419), the Chatham County Department of Engineering will hold a public information open house concerning the Quacco Road Improvement Project.

This project will include roadway widening and operational improvements to intersections, drainage features, and pedestrian facilities along a 2.6-mile-long segment of Quacco Road beginning east of the existing Quacco Road bridge over I-95 and terminating at SR 25/US 17. The widened roadway will consist of two 12-foot lanes with a 14-foot flush median along most of the corridor. Four 12-foot lanes and an urban typical section with a raised concrete median will be used approaching the intersection with SR 25/US 17. Right-turn-lanes will also be added along the corridor to prevent queuing along Quacco Road. Pedestrian facilities will be a large part of the improvements for this project. A 10-foot shared use path will be along the north side and a 5-foot sidewalk will be along the south side and Bus pullouts for the CAT bus route that currently services the area will be included. Options being considered will improve and address the signalized intersection at SR 25/US 17.

The purpose of this Open House is to provide the public with an opportunity to view the proposed project, ask questions and comment on the proposal.

The Open House will be conducted between the hours of 4:00 p.m. and 6:00 p.m. The Open House will be informal and the public is invited to attend anytime during these hours. There will be no formal presentation.

The meeting site is accessible to persons with disabilities.

Written statements will be accepted concerning this project until June 27, 2017. Written statements may be submitted to:
